The ✠ prefixed to the class symbol denotes Vessels built under Supervision of the Bureau. No Vessel will be classed or rated unless surveyed and opened according to rules. The publication of the particulars of unclassed vessels is for general information only. As no surveys have been held on such vessels, no opinion is expressed as to their character.

The ✠ prefixed to the class symbol denotes Vessels built under Supervision of the Bureau. No Vessel will be classed or rated unless surveyed and opened according to rules. The publication of the particulars of unclassed vessels is for general information only. As no surveys have been held on such vessels, no opinion is expressed as to their character.

The ✠ prefixed to the class symbol denotes Vessels built under Supervision of the Bureau. No Vessel will be classed or rated unless surveyed and opened according to rules. The publication of the particulars of unclassed vessels is for general information only. As no surveys have been held on such vessels, no opinion is expressed as to their character.

The ✠ prefixed to the class symbol denotes Vessels built under Supervision of the Bureau. No Vessel will be classed or rated unless surveyed and opened according to rules. The publication of the particulars of unclassed vessels is for general information only. As no surveys have been held on such vessels, no opinion is expressed as to their character.
